In considering the application for special licence the committee had regard to the following criteria under section 142 of the Act:

- (a) the object of this Act:
- (b) the nature of the particular event for which the licence is sought and, in particular,—
 - (i) whether the applicant is engaged in, or proposes at the event to engage in, the sale of goods other than alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which goods; and
 - (ii) whether the applicant is engaged in, or proposes at the event to engage in, the provision of services other than those directly related to the sale of alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which services:
- (c) the suitability of the applicant:
- (d) any relevant local alcohol policy:
- (e) whether (in its opinion) the amenity and good order of the locality would be likely to be reduced, by more than a minor extent, by the effects of the issue of the licence:
- (f) the days on which and the hours during which the applicant proposes to sell alcohol:
- (g) the design and layout of the premises concerned:

3. Reporting Agencies

The following reports were received under section 141 of the Act.

Police Report – No opposition within report received on 19 November 2020.

Medical Officer of Health – No opposition within report received on 13 November 2020.

Licensing Inspector Report – Full report provided by the inspector including assessment of application against section 142 criteria. The Inspector concludes that the application is complete and will likely meet the criteria of the Act. Draft conditions are also offered by the inspector.

The file, including inspectors report, included the following key matters –

- The applicant is an incorporated society who are running this prestigious national title event. The Club has its own licence but requires a special licence to allow sponsors to drink in a designated area during the championships and to extend the Clubs closing time by an hour due to the nature of the event.
- The applicant has held similar events before and has its own licence.

- Suitability is not challenged.
- The premise is the applicant's premises that have been in existence for a number of years, is zoned for such events and an extra special licence should not reduce amenity and good order of the locality. The other area is a relatively small area shown on the map provided.
- The premise is suitable for the type of event and layout has been suitable in the past. The marked floor plan was included which showed the areas to be licensed with no designations sought.
- The hours appear relevant for the special; event being undertaken.
- A certified manager is nominated for the event which is supported.
- Both the Police and MOH have no opposition to the application.

4. Decision

The Committee is satisfied as to the matters under the Act to allow the application to be granted. The application for Special Licence is **Approved** for issue subject to the conditions outlined in the inspectors report.
