RESERVED DECISION OF THE NAPIER DISTRICT LICENSING COMMITTEE

1. Application

Dalton Street Social Club Incorporated made application on the prescribed form dated 1 July 2020. The application for Club Licence is made in relation to the premises known as the 'Dalton Street Social Club' situated at 159 Dalton Street, Napier.

This is a relatively small Club made up of employees from the Hawkes Bay Regional Council. The general nature of the business will be that of a SOCIAL CLUB.

The Club premises is located within a commercial zone where the operation of a licensed club is a permitted activity. The applicant supplied Building and Resource Consent Certificates, as well as a Fire Service Act compliance letter.

The complete file that I received included –

- The application
- Certificate of incorporation
- Floor plan
- Club schedule of activities, rules, opening hours, bar prices, menu
- Host Responsibility Policy
- Location map
- List of non-alcoholic drinks, bar snacks
- Council letter of compliance with Building/Resource Management Acts
- Notice from owners giving permission for the building to be used for this purpose
- Letter explaining compliance with Fire Evacuation Scheme rules
- Reports from Police, Medical Officer of Health and Inspector

2. Decision Making

In considering this application for On-Licence the licensing committee had regard to the following criteria under section 105 of the Act.

(a) **the object of this Act:**

The applicant provided a Host Responsibility Policy that if followed should result in statutory compliance and a good host.

(b) **the suitability of the applicant:**

The applicant is a corporate social club that should be looking to run a tight operation to preserve its statutory standing in society. The Club is incorporated and has named one certified manager on the application to manage the licence which is seen as the bare minimum for this type of licence. 'Suitability' is not questioned.

(c) **any relevant local alcohol policy:**

The application accords to the Napier LAP.

(d) **the days on which and the hours during which the applicant proposes to sell alcohol:**

Applicant has applied for the following days and hours –

- **Monday to Sunday, 12.00 midday to 12.00 midnight**

These hours accord within the national default hours and the LAP.

(e) **the design and layout of any proposed premises:**

No CPTED assessment received with application but I accept the inspector's comments that the premise appears fit for purpose. Access can only be gained from swipe card access by members/employees.

(f) **whether the applicant is engaged in, or proposes on the premises to engage in, the sale of goods other than alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which goods:**

No

(g) **whether the applicant is engaged in, or proposes on the premises to engage in, the provision of services other than those directly related to the sale of alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which services:**

No the applicant does not.

(h) **whether (in its opinion) the amenity and good order of the locality would be likely to be reduced, to more than a minor extent, by the effects of the issue of the licence:**

I concur with the inspector's assessment that the amenity and good order of the area should not be compromised by the issue of the licence.

(i) **whether (in its opinion) the amenity and good order of the locality are already so badly affected by the effects of the issue of existing licences that—**

- (i) they would be unlikely to be reduced further (or would be likely to be reduced further to only a minor extent) by the effects of the issue of the licence; but
- (ii) it is nevertheless desirable not to issue any further licences:

No issues raised.

- (j) whether the applicant has appropriate systems, staff, and training to comply with the law:

If the host responsibility policy and licence conditions are followed there should be no problems.

- (k) any matters dealt with in any report from the Police, an inspector, or a Medical Officer of Health made under [section 103](#). (see below)

3 Reporting Agencies

The following reports were received under section 103 of the Act and taken into account during the decision.

3.1 Police – Report received on 14 July 2020, of no opposition.

3.2 Medical Officer of Health - Report received on 6 July 2020 offering no opposition.

3.2 Licensing Inspector – Full report dated 30 October 2020. The inspector had no opposition to the application and notes that the application is complete and appears to meet the criteria for a new club licence.

4 Conclusion

Based on the evidence provided to me within the complete file, my assessment above of section 105 matters, I conclude that the application meets the statutory criteria to be granted a Club Licence under the Act.

5 Decision

Accordingly the application is **Approved** for issue for one year subject to the conditions outlined in the Inspectors report.

Dated at Napier this 4th day of November 2020.

Signed
