**RESERVED DECISION OF THE NAPIER DISTRICT LICENSING COMMITTEE**

***Application***

(1)The application was made on the 26 May 2021 on the prescribed form. The application seeks to establish a new license for an existing premise that has existed as a licensed establishment of various sorts for many years. The premises is at 246 Gloucester Street, Taradale, Napier, with the principal entrance accessed off Gloucester Street.

The general nature of the business will be a ‘tavern style’ On-licence. The applicant currently runs the premises under a Temporary Authority licence.

(2) The premises is owned by Kinchana Investments Limited who have given consent and tenure for the licensed operation. The licensed area involves two internal areas, a small garden area and an area on the footpath at the front of the premises which is covered by a licence to occupy. The floor plan provided with the application clearly shows these areas to be licensed.

(3) The applicant is an incorporated company with one director/shareholder.

(4) The premise will be known as ‘Rosie O’Grady’s Irish Pub’ and is seeking split designations throughout based on hour of the day/night to reflect changing nature of the premises.

(5) The complete file that the District Licensing Committee received included evidence that the following was provided as part of the application –

- The application
- Certificate of incorporation
- Floor plan

- A s. 100(f) RMA/ Building Act compliance letter from Council
- Letter from applicant's landlord agreeing to the application to be licensed.
- Letter from landlord representative as having the necessary evacuation scheme
- Copy of public notice on the building
- Host Responsibility Policy
- Full menu
- Public Advert wording
- Reports from Police, Medical Officer of Health and Inspector

### ***Decision Making***

(6) In considering this application for On-Licence the District licensing Committee (here in after referred to as the 'Committee') had regard to the criteria specified under s. 105 of the Act.

#### **(7) the object of this Act:**

This is a change of licensee within an existing licensed premise. The applicant provided a Host Responsibility Policy that shows how alcohol will be sold in a responsible manner under the licence. If followed this should ensure the object of the Act continues to be complied with. The applicant has been operating the premises using a Temporary Authority with no issues noted by the reporting agencies.

#### **(8) the suitability of the applicant:**

The applicant, HB Pub Company Limited, is an incorporated company with one director/ shareholder. The director/shareholder has an interest to ensure the licence is a success and the statutory responsibilities are adhered to. The Inspector reports there are no issues around the applicant's suitability.

Two certified managers are named for the licence application. This is seen as a bare minimum to operate the premises and the inspector comments that he expects at least one more to be added by the time of renewal. We expect the Inspector to monitor this situation.

(9) The inspector and reporting agencies do not challenge suitability of the applicant and neither do I.

#### **(10) any relevant local alcohol policy:**

The Napier LAP has been adopted. The inspector has noted that the application accords with the LAP.

#### **(11) the days on which and the hours during which the applicant proposes to sell alcohol:**

The applicant has applied for the following days and hours including designations which are supported by the inspector –

#### **Monday to Sunday –**

- **8.00am to 9.00pm (Undesignated), and**
- **9.00pm to 1.00am, the following day. (Supervised)**

These hours and designation apparently best reflect the anticipated operation and they accord with the national default maximum trading hours. The applicant and inspector have one year to monitor whether they are suitable before possible renewal.

**(12) the design and layout of any proposed premises:**

The application included a floor plan that shows the area to be licensed including front paved area. The split designation based on trading hours is shown above which is supported by the inspector.

**(13) whether the applicant is engaged in, or proposes on the premises to engage in, the sale of goods other than alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which goods:**

No.

**(14) whether (in its opinion) the amenity and good order of the locality would be likely to be reduced, to more than a minor extent, by the effects of the issue of the licence:**

Within the agency reports there are no concerns about the possible reduction in amenity and good order from any licence issue.

The premise is an existing use in an appropriately zoned area which should ensure the amenity and good order of the locality are not effected by more than a minor extent.

**(15) whether (in its opinion) the amenity and good order of the locality are already so badly affected by the effects of the issue of existing licences that—**

**(i) they would be unlikely to be reduced further (or would be likely to be reduced further to only a minor extent) by the effects of the issue of the licence; but**

**(ii) it is nevertheless desirable not to issue any further licences:**

No concerns raised.

**(16) whether the applicant has appropriate systems, staff, and training to comply with the law:**

If the host responsibility policy is followed the licence holder should have no problems with compliance. The applicant has taken their licensing responsibilities seriously previously and there is no reason to suggest this will not continue.

***Reporting Agencies***

(17) The following reports were received under section 103 of the Act.

(18) **Police** – Report received on 11<sup>th</sup> June 2021, offering no opposition.

(19) **Medical Officer of Health** - Report received on 31 May 2021, offering no opposition.

**(20) Licensing Inspector**

Full report dated 25 June 2021. The inspector provided a comprehensive report into the application, has met the applicant and concluded that the application is complete, appears to meet the criteria for a new on-licence and therefore has no opposition to the application. The inspector has suggested possible conditions.

***Committees Decision and Reason***

(21) Based on the evidence provided to me within the complete file, lack of opposition from the relevant agencies, my assessment above, I conclude that the application meets the s. 105 criteria under the Act to be granted an On-licence for the premise situated at 246 Gloucester Street, Napier and known as 'Rosie O'Grady's Irish Pub'.

(22) Accordingly the application is **approved** for issue for one year subject to the conditions identified in the Inspectors report.

**3 Decision**

Accordingly the application is **Approved** for issue from this date.

**Dated at Napier District this 1 July 2021.**
