RESERVED DECISION OF THE NAPIER DISTRICT LICENSING COMMITTEE

1. Application

On the 15 March 2022, **Market Hospitality Group Limited** on the prescribed form made application for variation of an On-licence.

The application for variation of On-Licence is in relation to the premises known as '*Market Street*' situated at 8 Market Street, Napier.

The general nature of the business is that of a 'Tavern Style On-licence'. The variation seeks to alter (extend) the outdoor licensed area. The premise has not come to the notice of authorities in an adverse manner and has not attracted any objection or opposition.

The complete file included –

- The application
- Fire evacuation compliance statement

- Host Responsibility Plan
- Food/Drinks list
- Floor plan
- Photo's
- Copy of draft public notice and public display
- Existing Licence
- Reports from Police, Medical Officer of Health and Inspector

2. Decision Making

In considering this application for variation of On-Licence the licensing committee had regard to the criteria under section 131 and 105 of the Act. Section 105 assessments were made using the inspector's full report and own assessment. I accept the inspector's assessment and recommendations.

Key matters raised in the complete file including the inspector's report were –

- The applicant is a private company who have operated this licence for a few years.
- The applicant provided a host responsibility policy that if followed should ensure the object of the act is met.
- The applicant appears to have appropriate systems, staff and training to comply with the law.
- There were no reports questioning suitability and neither do I.
- The current hours of –

Monday to Sunday, between 8.00am and 1.00am the following day

Will continue.

- Floor plan and photos show the extent of the extended outdoor area wanting to be licensed. The area is surrounded by planter boxes and floor coverings that double the previous size of this area. The applicant has previously used this extended area for special events with a special licence. No adverse effects were known from this use.
- No CPTED or amenity or good order issues raised with renewal. There is no reason to believe the amenity and good order of the locality would likely to be increased, more than a minor extent, by the effects of a refusal to renew the licence.
- The applicant has satisfactory systems for staff training and performance.
- The application accords with the Napier LAP.

3 Reporting Agencies

The following reports were received under section 103 of the Act and taken into account during the decision.

3.1 Police – Report received on 29 March 2022, of no opposition.

3.2 Medical Officer of Health – Report received on 28 March 2022, of no opposition.

3.3 Licensing Inspector – Full report dated 12 April 2022. The inspector has no opposition to the application and assessed the application against s. 105 matters with no matters of opposition raised. The inspector concludes that the application is complete and appears to meet the criteria for variation of the licence with existing conditions apart from revised licensed area.

4 Conclusion

Based on the evidence provided to me within the complete file, my assessment above of section 105 matters and the past operation of the premise/licensee, I conclude that the application by **Market Hospitality Group Limited** meets the statutory criteria to be granted a varied On-licence under the Act **for the period left on the current licence i.e. to the 17 June 2023.**

The licence will be subject to the conditions currently contained on the licence apart from adjusted licensed footprint to extend the outdoor area.

5 Decision

Accordingly the application is **Approved** for issue immediately.

Dated at Napier District this 12 April 2022.

Signed

.....
