RESERVED DECISION OF THE NAPIER DISTRICT LICENSING COMMITTEE

1. Application

On the 12 May 2022, **HB Pub Company Limited** on the prescribed form made application for renewal of an On-licence. This is the first renewal application by the licensee.

The application for renewal of On-licence is in relation to the premises known as '*Rosie O'Grady's Irish Pub*' situated at 246 Gloucester Street, Taradale, Napier.

The general nature of the business is that of a 'Tavern Style On-licence'.

The renewal application seeks to renew with the same existing conditions. The premise has not come to the notice of authorities in an adverse manner during the renewal period.

The complete file included –

- The application
- Fire evacuation compliance statement
- Host Responsibility Plan
- Owner permission letter
- Food/Drinks list
- Floor plan
- Photo's
- Copy of draft public notice and public display
- Existing Licence
- Reports from Police, Medical Officer of Health and Inspector

2. Decision Making

In considering this application for On-licence the licensing committee had regard to the criteria under section 131 and 105 of the Act.

Section 105 assessments were made referencing the inspector's full report and own assessment. I accept the inspector's assessment and recommendations.

Key matters raised in the application including the inspector's report were –

- The applicant is a registered private company with no changes to structure.
- The applicant named four managers to manage the licence, which for this type of premises should be adequate.
- The premise has not come to the notice of authorities in an adverse manner during the renewal period. This is the first renewal application.
- The applicant provided a host responsibility policy that if followed should ensure the object of the act is met.
- The applicant appears to have appropriate systems, staff and training to comply with the law.
- There were no reports questioning suitability and therefore neither do I.
- The current hours wanting to be renewed have operated without incident i.e.

Monday to Sunday, between 8.00am to 1.00am, the following day;

- Floor plan provided works well for the general nature of the business held on the premises. The whole licensed premise is to be designated 'supervised'.
- An environmental scan of the area suggests there is no reason to believe the amenity and good order of the locality would likely to be increased, more than a minor extent, by the effects of a refusal to renew the licence.
- The applicant has satisfactory systems for staff training and performance.

3 Reporting Agencies

The following reports were received under section 103 of the Act and taken into account during the decision.

3.1 Police – Report received on 7 June 2022, of no opposition.

3.2 Medical Officer of Health – Report received on 20 May 2022, of no opposition.

3.3 Licensing Inspector – Full report dated 20 June 2022. The inspector has no opposition to the application and assessed the application against s. 105 matters with no matters of opposition raised. The inspector concludes that the application meets the criteria for renewal of the licence with existing conditions.

4 Conclusion

Based on the evidence provided to me within the complete file, my assessment above of section 105 matters and the past operation of the premise/licensee, I conclude that the application by **HB Pub Company Limited** meets the statutory criteria to be granted a

renewal of On-licence under the Act for a period of three (3) years, from the expiry date of the previous licence.

The licence will be subject to the exiting conditions on the licence.

5 Decision

Accordingly the application is **Approved** for issue immediately.

Dated at Napier District this 6 day of July 2022.

Signed

Napier District Licensing Commissioner
