The general nature of the business will continue to be that of a 'Restaurant Style' On-licence.

Decision Making

(6) In considering this application for On-Licence the District licensing Committee (here in after referred to as the ‘Committee’) had regard to the criteria specified under s. 105 of the Act.

(7) the object of this Act:

This is a new license for an existing unlicensed restaurant. The applicant provided a Host Responsibility Policy that shows how alcohol will be sold in a responsible manner under the licence. If followed this should ensure the object of the Act continues to be complied with.

(8) the suitability of the applicant:

The applicant, Rana’s PVT Limited, is an incorporated company with one director/ shareholder. The applicant has an interest to ensure the licence is a success and the statutory responsibilities are adhered to. The Inspector reports there are no issues with the applicant and their suitability.

Two certified managers are named for the licence application. This is seen as adequate to operate the premises.

(9) The inspector and reporting agencies do not challenge suitability of the applicant and neither do I.

(10) any relevant local alcohol policy:

The Napier LAP has been adopted. The inspector has noted that the application accords with the LAP.

(11) the days on which and the hours during which the applicant proposes to sell alcohol:

The applicant has applied for the following days and hours including designations which are supported by the inspector –

Monday to Sunday –

- **11.00am to 11.30pm,**

These hours' best reflect the anticipated operation and they accord with the national default maximum trading hours. The applicant and inspector have one year to monitor whether they are suitable before possible renewal.

(12) the design and layout of any proposed premises:

The application included a floor plan that shows the area to be licensed. The licensed area is undesignated which is usual for this type of premises.

(13) whether the applicant is engaged in, or proposes on the premises to engage in, the sale of goods other than alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which goods:

No.

(14) whether (in its opinion) the amenity and good order of the locality would be likely to be reduced, to more than a minor extent, by the effects of the issue of the licence:

Within the agency reports there are no concerns about the possible reduction in amenity and good order from any licence issue.

The premise is an existing use in an appropriately zoned area which should ensure the amenity and good order of the locality are not effected by more than a minor extent.

(15) whether (in its opinion) the amenity and good order of the locality are already so badly affected by the effects of the issue of existing licences that—

(i) they would be unlikely to be reduced further (or would be likely to be reduced further to only a minor extent) by the effects of the issue of the licence; but

(ii) it is nevertheless desirable not to issue any further licences:

No concerns raised.

(16) whether the applicant has appropriate systems, staff, and training to comply with the law:

If the host responsibility policy is followed the licence holder should have no problems with compliance. The applicant has taken their licensing responsibilities seriously previously and there is no reason to suggest this will not continue.

Reporting Agencies

- (17) The following reports were received under section 103 of the Act.
- (18) **Police** – Report received on 8 September 2022, offering no opposition.
- (19) **Medical Officer of Health** - Report received on 8 September 2022, offering no opposition.
- (20) **Licensing Inspector**

Full report dated 20 September 2022. The inspector provided a comprehensive report into the application, has met the applicant and concluded that the application is complete, appears to meet the criteria for a new on-liscence and therefore has no opposition to the application. The inspector has suggested possible conditions.

Committees Decision and Reason

(21) Based on the evidence provided to me within the complete file, lack of opposition from the relevant agencies, my assessment above, I conclude that the application meets the s. 105 criteria under the Act to be granted an On-liscence for the premise situated at 6/7 Leicester Avenue, Tamatea, Napier, and known as the “Spice Bar”.

(22) Accordingly the application is **approved** for issue for one year subject to the conditions identified in the Inspectors report.

3 Decision

Accordingly the application is **Approved** for issue from this date.

Dated at Napier District this 27 September 2022.

Signed
