

## Historic Places Hawke's Bay

My name is Elizabeth Dale Pishief and I am a member of Historic Places Hawke's Bay Committee. I wish to speak briefly about the archaeological qualities of the land in Plan Change 12.

I have attached a map of the recorded archaeological sites around Plan Change 12. The red stars are very recently recorded sites at Western Hills cemetery. These were recorded for some specific work Napier City Council is undertaking for developing that cemetery. It is likely that there are more archaeological sites in this wider area that have yet to be recorded.

The way to give effect to our request for further archaeological work associated with the proposed development is for Marist Holdings to apply for an authority to damage or destroy sites from Heritage New Zealand Pouhere Taonga (HNZPT) under the Heritage New Zealand Pouhere Taonga Act 2014. This is a legal requirement and will assist with managing our concerns and to some extent the concerns of tangata whenua.
