

# Seaside Scavenger Hunt

## SEA WALLS FESTIVAL

Napier, New Zealand • 19-26 March 2017

The Seaside Scavenger Hunt is sponsored by **Bow Seat Ocean Awareness Programs**, in partnership with PangeaSeed Foundation and Sea Walls: Artists for Oceans in Napier, New Zealand. Bow Seat Ocean Awareness Programs is a U.S.-based nonprofit that empowers teens to protect the ocean and to make art that makes a difference.

### Art for the Oceans

Bow Seat Ocean Awareness Programs and PangeaSeed Foundation believe that the arts play an important role in protecting the environment by raising awareness, starting conversations, and inspiring positive action. We call this **ARTivism**.

### Ocean Awareness Student Contest

Want to create your own art for the oceans? **Submit a work of visual art, poetry, prose, or film to the 2017 Ocean Awareness Student Contest.**

The 2017 theme is *Ocean Pollution: Challenges & Solutions*.

Students in secondary school (U.S. grades 6-12, or the international equivalent) are invited to participate in the 2017 Ocean Awareness Student Contest! Enter online ([bowseat.org](http://bowseat.org)) by the Contest deadline: 19 June 2017 @ 11:59 PM Eastern Time (ET).

### Connect

**We want to hear from you!** Share photos & thoughts with us:

### How to Participate

Follow the trail of **ART FOR THE OCEANS** to learn more about why the ocean needs our help and what *you* can do to play a role in protecting our seas. Match the numbered signs with the questions on the inside of this booklet. **Complete and return to MTG Hawke's Bay (11am – 4pm) to claim your prize!**

### Making Waves Through the Arts

All of the artwork featured in the scavenger hunt was created by students from all over the world who participated in the annual Ocean Awareness Student Contest. Visit [bowseat.org](http://bowseat.org) to learn more about how you can give a voice to our oceans.

*Complete all questions & return to MTG Hawke's Bay to claim your prize!*

1. Name three examples of marine debris that you see in the artwork.
2. What's going on here?
3. Can you identify three different items polluting the water?
4. What causes an oil spill?
5. When we think of plastic pollution, we think most often of plastic bottles and bags. What other types of plastic could end up polluting our oceans?
6. How can plastic pollution harm animals?
7. Before disposing of or recycling nets, six-pack rings, and other similar objects, what can you do to prevent them from harming marine life if they end up in the ocean?
8. How can an oil spill affect plants or animals in the ocean?
9. What can you do to help reduce plastic bottle pollution?
10. What animals are impacted by the invasive green crab?
11. Briefly describe how a plastic bag may journey from the grocery store to the ocean.
12. Name this unexpected source of chemical ocean pollution.
13. Reducing your carbon footprint means reducing the amount of carbon dioxide that is emitted due to your daily activities such as driving a car. How would you define "reducing your plastic footprint"?
14. What do you think this artist's message is about marine debris?
15. Do you think it's possible to just "scoop up" the plastic pollution in the ocean? Why? Why not?
