Applicant will be sent the fees and deposits due within 5 working days of our department receiving this form. Final invoice will be supplied after work has been completed.					Invoice total: \$	

City Services require a minimum of **20 working days** notification prior to connection installation.
Please phone: **06 833 7744**. Heritage sites may ALSO experience time delays and INCUR additional costs

* \$429.00 per metre fee applies to open ground pipe laying only, which means in grassed area only. This cost to be charged at completion of job.

** Connections in sealed road/footpath (road crossing), commercial and/or greater than 150mm is charged at cost by the City Services department at completion of job.

Please note:

- Total cost equals the connection fee, plus pipe laying and reinstatement cost. If an access chamber is required this will be additional.
- Quotes can be provided for large size connections on request.
- All minimum charges of \$992.00 are per connection and are non refundable.

LOCATION OF CONNECTIONS

If new service connections are required, please supply a detailed diagram on next page, or appropriate location measurements

NOTE: The preferred location of the connections MUST be INDICATED in the space below or on a separate plan showing site boundaries, street frontages, building outline and distances if necessary. "IF NO LOCATION IS SPECIFIED" Council may proceed at its discretion.

Every effort will be made to place the connections where requested but circumstances may not allow this. Where location and level are critical to the development of a site it may be necessary for the Applicant/Owner/ Developer to confirm levels and grade and check for conflict with other services. The Service Engineer will determine the actual location.

6: PLEASE ATTACH PLAN OR PROVIDE MEASUREMENTS FOR PREFERRED CONNECTION LOCATION AS APPROPRIATE
