Re: High Density Zoning legal submission

Dear Councillors,

My wife and I have lived at this address for 36 years and have enjoyed the peace and quiet of this suburban street while being closed to the Taradale shopping precinct.

We are now retired and would like our street to stay quiet and peaceful. We therefore strongly object to the proposed high density zoning with the adverse effects that is going to have on our life and environment: more traffic, more noise, possibly more crime etc.

Apart from ours and very few others all sections in Peddie Street have been subdivided, so there is already a reasonably high density of housing including some two-storey buildings and any higher density would surely destroy the character of our beautiful neighbourhood.

Relief sought

Consequently, we would like to ask you to seriously reconsider this proposal in the District Plan and treat our submission with kind consideration.
