Dave Rountree	GRZ - General Residential Zone /GRZ - General Residential Zone - Standards Table /GRZ-S8: Fences and walls	17.1	Oppose	Opposes fence height restrictions as a high fence provides privacy and security to homeowners, particularly for those who only have liveable outdoor space at the front of their home. 1.2m is not high enough to secure dogs and is easily scalable to commit crime. Leaving the height as existing in the ODP will still allow those who prefer a 1.2m fence to build their fence at this height should they choose to do so.	Retain the current fence height restrictions in the Operative District Plan
